

CANCER IMPACT FUND

MedTech Ventures
Chief Executive Officer
(part-time, contract position)

To apply, please send your resume to careers@cancerimpactfund.com

About the Cancer Impact Fund - The Cancer Impact Fund (CIF) is the first early-stage impact venture capital fund designed to impact cancer by commercializing promising cancer research for preventions, therapies, cures, and enabling technologies. Learn more at www.CancerImpactFund.com.

About the Position - CIF is seeking outstanding early stage CEO candidates with a proven track record to lead a team of 5-10 people to co-create the vision and business model for a new and innovative health venture in collaboration with university, industry, and venture capital partners through the MedTech Ventures Workshop (www.CancerImpactFund.com/MTV) . Successful CEO's may have the opportunity to continue as the incubation stage CEO, re-engage on future innovation stage CEO assignments, or to join CIF or one of its other portfolio companies on a part-time or full-time basis. Innovation stage CEO's can expect to work 5-10 hours per week at the CIF offices, remotely, and offsite at events and meetings. Under the direction of the Board of Directors, the CEO's key responsibilities include:

- Set company vision, define the business model and overall strategy
- Full P&L and funding responsibility
- Attract, retain & develop innovation team
- Cultivate a high-performing, agile, collaborative and solid metrics-driven company culture and brand
- Establish milestones driving innovation team's day-to-day activities
- Serve as chief spokesperson and manage public communications
- Establish and manage key strategic partnerships and relationships
- Engage and manage advisors and advisory board(s)
- Develop incubation strategy, plan, and budget
- Prepare funding/ offering documents
- Lead investor acquisition and investor relations
- Collaborate with BOD to identify incubation stage CEO and support management transition

About you - We are seeking an experienced, entrepreneurial, and hands-on CEO with strong leadership skills, experience developing new products and launching new ventures, and the ability to manage the innovation stage of IAG's proprietary commercialization process. You have a demonstrated interest in bringing innovation to health, health care, fitness, wellness, or wellbeing.

Qualifications

- Proven track record of building and managing successful teams of 5-10 people
- Experience building and selling technologies, products or solutions for health, healthcare, fitness, wellness, or wellbeing
- 15+ years of experience leading startup or early-stage companies; 5 years of P&L responsibilities
- Ability to lead and work as part of a team and collaborate with BOD, strategic partners, innovation team members, clients, and prospects.
- Demonstrated ability to work independently and self-manage executive assignments
- Highly organized, with the initiative and ability to work with limited supervision; excellent analytical skills and attention to detail, effective process management abilities.
- Exceptional candidates are willing to lead their innovation team members through the ASU MedTech Venture Workshop.
